

TCEDA Prepares for Thomson Prison

TCEDA Provides Key Communication Link on Thomson Prison Project

Tri-County Economic Development Alliance TCEDA representatives, Fulton Mayor Larry Russell, Jo Carroll Energy Sr. VP Russ Simpson and Carroll County Board Chair Rod Fritz stand by as the media are briefed following a January 6 session with Senator Durbin on the Thomson Prison project. TCEDA will provide a key link between federal officials and area communities.

TCEDA is an economic development alliance covering the tri-county region in Northwest Illinois: Jo Daviess, Carroll, and a portion of Whiteside County. The public/private organization is designed to bring economic development into the communities and be supported by the communities. Their vision is that all businesses, counties, communities and organizations within the TCEDA region and beyond will unite to create an environment for business expansion and attraction that ranks second to none. For more information about TCEDA go to www.tcedaonline.com.
